TWO MILLIONS DUE IN TAXES

District Government Expects Delinquents to Pay It Soon.

Although \$2,478,431.17 in unpaid taxes is due the District government from its citizens by July 1, no apprehension concerning the loss of much of this amount is felt by officials of the District tax collector's office.

"It is the customary thing," said W. D. Clark, assistant tax collector. "We have a long time in which to collect this amount, and it will probably be more than a year before the entire sum is put on the books. A lot of it has already been handed in, and a still larger part will be secured by selling property on which there have a tax lien. That takes time."

Some \$2,000 is still due the District for the taxes assessed in 1917. Endless litigation has resulted in it not being paid.

Zoning Board Will Show Tentative Plans by Maps

Maps showing a tentative zoning plan for the District will be made public by the Zoning Commission early next week, probably Tuesday, it was announced yesterday by Engineer Commissioner Charles W. Kuta, chairman of the commission. Advisory committees in several sections of the city have been appointed by the commission to facilitate the work of ascertaining public opinion on the proposed zoning plan.

Harland Bartholomew, the zoning expert, who is assisting with the Washington plans, will arrive Saturday to make a final study of the tentative maps before their publication.

The eruption caused her to be disfigured."

"We used a sample of Cuticura Soap and Ointment. Then bought two cakes of Soap and one box of Ointment which healed her." Mrs. F. A. Rhodes, 2707 Boone St., Baltimore, Md., Aug. 22, 1919.

BAPTISTURGES WORLD DRIVE

Continuation of Interchurch Move Proposed at Convention.

Buffalo, N. Y., June 23.—Recommendation that the Northern Baptist convention continue its relationship with the Interchurch World Movement, was made by D. C. Shull of Sioux City, Ia., president of the convention in his address opening the convention here today.

Should the Baptists withdraw from the movement, President Shull recommended that Protestant denominations unite in some other way to throw their combined influence into world affairs.

"Protestants must bring their influence to bear in the making of every world treaty that affects the religious life of any creature," Shull declared.

He recommended that a committee be appointed to work out plan of union among Northern Baptists, Southern Baptists and Canadian Baptists.

Approval of the continuation of the new world movement campaign to raise \$100,000,000 for enterprises fostered by the Northern Baptists was predicted.

PLAGUE KILLS TWO PEOPLE IN MEXICO

Vera Cruz, June 23.—Two persons died from bubonic plague and several more cases developed despite activities of Dr. Mitchell, American physician in charge of sanitary arrangements here.

Railroad transportation has been restricted between Vera Cruz and Mexico City. A large number of persons left here for the capital today. Coastwise traffic was expected to be resumed today.

China Again Rebuffs Jap Overtures on Shantung

Peking, June 23.—The Chinese government yesterday in a note to Japan retains its strong position against direct negotiation of the Shantung controversy. The note was in reply to the second note from Japan in which Japan urged direct negotiation between China and Japan.

China must have a voice in all treaties and alliances affecting her sovereignty, the note declares. China did not sign the peace treaty and consequently refuses to observe its stipulations, it states.

The note concludes with the statement that Japanese troops should have been withdrawn from Chinese soil long ago.

Tie-up of Ships, Aim of Soviets, Officials Charge

A proclamation said to have been issued by the Communist party calling upon transport workers to refuse to load vessels for countries which are fighting Soviet Russia, was made public yesterday by the Department of Justice.

The proclamation declares capitalism is trying to starve the workers and says:

"Soviet Russia victorious means that the world imperialism would be weakened and finally defeated."

NEW SCHOOLS TO BE BUILT

Bids for Structures Will Be Asked for by District Next Week.

After nearly four years' cessation of building operations, the District government next week will open bids for approximately \$1,200,000 worth of construction work on six graded schools, one high school and a hospital. The work will begin as soon as satisfactory contracts are secured.

In addition, \$60,000 will be spent on remodeling and improving the Phelps School and the M street and old Central Junior high school.

The new Eastern high school and the Gallinger hospital involve the most expensive on the District's building program. When completed, these structures will have cost \$1,500,000 each. Cost of the Petworth, Deanwood, Burrville, J. R. West and Takoma school buildings and a structure to be erected at Eighteenth and Monroe streets northwest, for educational purposes, will be approximately \$200,000 each. The entire amount necessary to finish the construction of the buildings have not been appropriated by Congress, although an adequate sum for each structure has been provided for this year's building operations.
